Students, Parent and Guardians:

PLEASE remember to call Vista if your student will not be in to school for the day. Students need to maintain a 85% attendance rate. Students can do a "double" session if they need to make up an absence. With only a few weeks left for the second quarter we need all students at 85%!!!

Ms. Ali is having all students go through a Signs Of Suicide (SOS) workshop with her this year. It is important to keep the lines of communication open and be involved with your student!

On Friday December 16th students will enjoy some warm drinks and food while participating in some team building activities. Students will have to attend each day in December to earn raffle tickets for the day! Make sure you are here for the fun!
